TESTIMONIES FROM UWC 2015

I was blessed especially through the health seminar, it was an eye opener. The music was fantastic, it was a refreshing time in God's presence and of course the messages were inspiring and touching. -Anonymous

I came into the conference sick, but as the woman of God prayed and touched me, I received my healing immediately. -Bofa Salami

I have been blessed in this year's UWC by learning to let go, to forgive and forget. -Akanbi Olufunke A.

My hurt was healed. Also, physically I now understand when, how and where to do my general health check up. -Adebimpe A A

I attended the Girls Only Session and I have been able to understand that no matter your shape, size or look, I am created very special. Instead of dwelling on my body figure, I should appreciate and celebrate myself and dress to please God and give Him glory. - Catherine Awoleye

UWC has really transformed my life. I am a girl that does not listen to advice and the word of God. I liked to dress abnormally, I mean dress like a prostitute to attract boys. But when I heard the message, I decided to change my attitude and the way I dress. I gave my life to Christ that same day. - Lilian

UWC 2016

Dear Friend,

It's a fact that things are getting tougher in all spheres of human endeavours now than ever, and yet the saying that 'when the going gets tough, the tough gets going' is truer now than ever. These, no doubt, are perilous times filled with serious adversities. Yet in every adversity, there is equal or greater opportunity. Adversity can be an open door to opportunities depending on how you look. If you look with eyes of faith you will see opportunities beyond all adversities.

As perilous as the times may be and as bad as situations may be all over the world, it's some people's season to shine, live their best dreams, have the best lives and be the best they were created to be. Perception determines reception. In the challenges lie your chances. This is what the UNIQUE WOMAN CONFERENCE 2016 will help you discover. You will also discover how to put yourself in a state that will help you take massive actions that lead to success and impact.

With great excitement I look forward to welcoming you into an experience with God that will be life transforming and empowering. Your best days are here; you are in for a positive, powerful, total turnaround from the UNIQUE WOMAN CONFERENCE 2016. You are a miracle about to happen! You are about to break barrier and move to the next level.

Yours sincerely,

Omowumi Popoola
